Re: Annual Report

Overview

The LAUC-D Nominations and Elections Committee for 2015-16 consisted of Adam Siegel (chair), Jared Campbell (ex-officio), Susan Llano, and Ruth Gustafson. The committee was responsible for identifying open LAUC-D positions for 2015-2016, developing a slate of candidates, administering the election ballot, and reporting the results to the membership.

In addition, the committee was tasked with running a vote to revise PEARLS materials to include documentation of the requirement that librarians being considered for promotion or career-status actions submit a full-career review (per past practice, earlier iterations of PEARLS, and LAUC Position Paper No. 1).

The committee met all the dates set by LAUC-D in the election calendar. Once again, the committee was only able to obtain one candidate for each position – likely due to the current smaller number of librarians. However, our cohort of newly hired librarians very enthusiastically volunteered for LAUC-D service, including running for officer and standing committee chair positions.

The committee met once in person and then performed the rest of its work by phone and email.
